Science	<ul style="list-style-type: none">- Food webs- Finished our adaptation posters and presented them
Dance	No dance this week due to early departure
Music	You're a Mean One Mister Grinch – Glue version

Special Announcements:

We had an AWESOME time at Kidzania! I had no idea it was going to be that amazing.

Kamal's birthday is next week on the 28th.

We have one more week of studying habitats and then we will have a test. I will be sending students home with their books next week with an outline of what the test will focus on.

By the end of next week we should also be finished our Geometry unit on 2D and 3D shapes and figures. There will be a test in this as well. I will also send home their notebooks, a practice test and a list of what the test will cover.

Remember: Students need to be reading at least 20 minutes every night in English to improve their fluency and vocabulary.
